Ciprian Harlisca

Project Engineer at Emerson Automation Solutions
Romania

Experience

Emerson Automation Solutions

SIS Project Engineer

January 2024 - Present (1 year 8 months)

Cluj-Napoca, Cluj, Romania

Emerson Automation Solutions

5 years 1 month

PAM Engineer

April 2019 - February 2020 (11 months)

Project Engineer

October 2017 - April 2019 (1 year 7 months)

Cluj County, Romania

Hardware Design Engineer

February 2015 - October 2017 (2 years 9 months)

Cluj-Napoca

AV Flexologic b.v.

Electrical Engineer

July 2014 - February 2015 (8 months)

Cluj-Napoca

Technical University of Cluj-Napoca

PHD Student

October 2010 - January 2014 (3 years 4 months)

Thesis Title: "Contributions to the Fault Detection in Induction Machines"

University of Pavia

Visiting PHD Student

March 2012 - October 2012 (8 months)

Research objective: "Fault diagnosis of induction motors with bearing damage"

S.C. Power Design S.R.L.

Electrical installations design engineer

October 2009 - March 2010 (6 months)

Education

Technical University of Cluj-Napoca

Doctor of Philosophy (Ph.D.), Fault diagnosis of electrical machines · (2010 - 2014)

Technical University of Cluj-Napoca

Master's Degree, Electrical Engineering · (2009 - 2010)

Technical University of Cluj-Napoca

Bachelor's Degree, Technical University of Cluj-Napoca · (2004 - 2009)
