Vlad Ioan Rosca

PAS Engineer&Trainer la Emerson Automation Solutions

Cluj, România

Rezumat

I am passionate about technology and I consider myself tech-savvy.

I am open to any opportunities and my current goal is to learn as much as possible in the DCS field. I had a facility with winter sports and numbers—interest in skiing and finance.

On the professional side, more than 6 years of Engineering in DeltaV Systems. Experience in the Chemical and Pharmaceutical industries. Experience in Control Systems Design and Process Automation. Experience in HMI development using DeltaV Live and DeltaV configuration. Know Microsoft Office background and strong skills in HMI and DCS Programming/Integration with DeltaV.

Experiență

Emerson

7 ani

Senior Industrial Automation Trainer with DeltaV

iunie 2025 - Present (3 luni)

Cluj-Napoca, Cluj, România
